Are you ready to face the challenges in EduCity Adventure?

EduCity Adventure is an awe-inspiring educational role playing adventure. Pick up universal positive values and foster the development of life skills while having fun.

Learn through play to be healthier, smarter and safer in various role-play events. Hone your critical and inventive thinking skills, be experimental and make responsible decisions independently!

To start your adventure, simply:

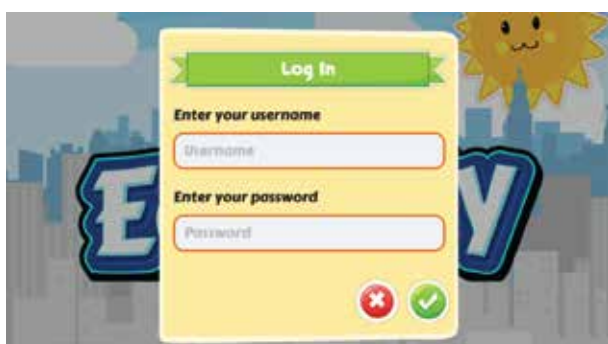

- 1 Download the app from Apple App store or Google Play store. Search for Educity Adventure or scan the QR code provided below to download the app.

- 2 Launch the app.
- 3 Tap the green "PLAY" button and enter the username and password (below) in the respective fields.

Username: **Username**

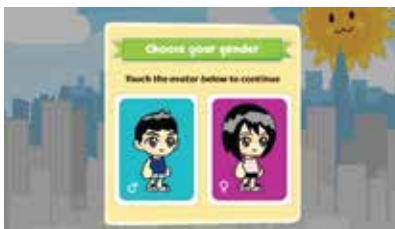

Password: **Password**

- 4 Write your name.  
\* We encourage you to choose your name carefully as the name will stay with you permanently throughout the game.

- 5 Choose your gender and your avatar.

**You are now ready to begin your adventure!**

### Report a bug

We do our best to keep things running smoothly, but sometimes things slip past us. Help improve EduCity Adventure by sharing any issues you experience while you're playing. Tap the info icon ("i") on the main screen to email us regarding the issue.

\*Before submitting a technical problem, please ensure you are running the latest version of EduCity Adventure on a recommended device (iPhone 6 & above / iPad Air & above / Android 3GB ram & above). If you're using an out-of-date version, please upgrade the app and see if the issue persists.
